MESSAGE FROM THE CHAIRPERSON

In 2024, we proudly celebrated our 70th year and as we look back on our journey, we do so with pride in the legacy we have built that defined our unwavering commitment to protecting and securing brighter futures for generations of Filipinos. These seven decades have been marked by our resilience, adaptability, and an unwavering belief in the value of life insurance in uplifting lives and empowering families.

At the heart of this legacy are the core values that guide the Yuchengco Group of Companies (YGC): Loyalty, Passion for Excellence, Professional Discipline, Sense of Urgency, and Teamwork. These values have propelled us to evolve and lead in an ever-changing world. More than markers of success, they reflect our deep sense of responsibility to our clients, employees, partners and communities.

Our strength is further amplified by the powerful synergy between Sun Life and YGC. This unique partnership combines financial strength, innovation, and a deep understanding of Filipino values. Together, we continue to offer solutions that are relevant, responsive, and rooted in our mission to help Filipinos achieve lifetime financial security and live healthier lives.

While we honor our rich heritage, we are also focused on the road ahead and we are confident in our ability to sustain our growth and deepen our impact in the years to come.

To our clients and partners, thank you for your trust. Your continued support fuels our purpose and inspires us to keep reaching higher. It is your dreams we protect, your futures we help build and for that, we are honored to serve you.

Together, let us move forward with confidence, purpose, and the enduring strength of a legacy 70 years in the making.

HELEN Y. DEE

Chairperson
Sun Life Grepa Financial, Inc.

MESSAGE FROM THE PRESIDENT

The year 2024 tested our resolve, yet it was one filled with meaningful achievements, strong partnerships, and a deeper commitment to our purpose of helping Filipinos achieve lifetime financial security and live healthier lives. This year marked a significant moment in our history as we celebrated Sun Life Grepa's 70th anniversary. More than a celebration of longevity, it was a tribute to the legacy we have built - a legacy of strength that now serves as the foundation for a future of growth.

We also posted solid business results that reflect both our stability and momentum. According to the Insurance Commission (IC), Sun Life Grepa achieved a total premium income of Php14.5 billion, a 7% increase from Php13.5 billion in 2023. The company also recorded a net income of Php1.4 billion, reflecting a 31% growth compared to the prior year. Sun Life Grepa ranked 10th both in total premium income and in net income among life insurance companies in the country. We ended 2024 with a net worth of Php7.8 billion, ranking 8th in the industry. Our invested assets reached Php67.7 billion, placing us 11th overall, while our new business annual premium equivalent (NBAPE) stood at Php2.0 billion, also ranking 11th.

Guided by innovation, we continued to push the boundaries of digitalization. We strengthened our partnerships with Tonik, Uno Digital Bank, and RCBC Credit Cards to make insurance more accessible and affordable for underserved markets.

Our brand promise "We Get You. We Got You." remained at the core of everything we do. This message resonated with the diverse segments of our clientele, from entrepreneurs and overseas Filipino workers to blue-collar workers and high-net-worth individuals. It underscored our unwavering dedication to meeting our clients' unique needs and aspirations.

We also remained steadfast in our corporate social responsibility efforts, recognizing that true success must include the welfare of the communities we serve. Through our Share the Passion program, in collaboration with the A.Y. Foundation (AYF), we conducted medical and dental missions for mothers under the care of our partner organization, Ahon sa Hirap, Inc. We also re-ran our annual Christmas Fund Drive, encouraging employees to contribute financially to AYF's charitable causes. Additionally, our employees participated in Sun Life Cycle PH, reinforcing our commitment to promoting

healthier lives. We also organized employee blood donation drives in partnership with the Philippine Red Cross and the Philippine Life Insurance Association.

This year also saw the launch of two significant products aligned with our clients' evolving needs. SLG Global Tech Funds was introduced to help clients seize growth opportunities in the technology sector, while Sun Grepa Secure Income was launched to provide Filipinos with a worry-free and financially stable retirement plan, reinforcing our commitment to long-term financial well-being.

We also took great pride in our double international victories, winning the Best MSME Insurance Initiative of the Year at both the Insurance Asia Awards and the International Finance Awards. These recognitions celebrate our continued excellence in providing tailored insurance solutions for micro, small, and medium enterprises.

Internally, we remained equally committed to our people. We were once again certified as a Great Place to Work® for the third consecutive year, with 91% of our employees affirming that we foster an inclusive environment, 92% acknowledging fair treatment regardless of gender, and 92% appreciating how we celebrate special events. These numbers reflect our unwavering dedication to cultivating a workplace where everyone can thrive and feel valued.

2024 was a momentous year. I extend my heartfelt gratitude to our dedicated employees. I also wish to thank our clients and valued partners. Your trust and support continue to inspire and drive us forward. With hope in our hearts and purpose in our stride, we look ahead to the future, ready to navigate what lies ahead, together.

Here's to more years of protecting dreams and securing brighter futures with you.

Ms. Dee obtained a B.A. International Business from Marymount College in New York, U.S.A.

PETER B. FAVILA

Independent Director

(15 December 2023 to present)

Monetary Board Member Peter B. Favila, 76 years old, has been an Independent Director of Sun Life Grepa Financial, Inc. since December 2023. Mr. Favila spent most of his professional life in banking and finance. His expertise is deeply-rooted coming from decades of banking experience spanning a breadth of disciplines – investments and merchant banking, treasury and trading, credit operations, human resources management and general management. He capped his career in private banking by leading three (3) consecutive banks – Security Bank, Philippine National Bank and Allied Banking Corporation. He was President and later, Chair, of the Philippine Stock Exchange and the Securities Clearing Corporation.

His career in government started in 1995 when he was appointed by President Fidel V. Ramos as President/CEO of the then government-owned Philippine National Bank (PNB). Thereafter, during the administration of President Gloria Macapagal-Arroyo, he served as Economic Adviser to the House of Representatives and Presidential Adviser on Infrastructure Finance. It was at the helm of the Department of Trade and Industry (DTI) in 2005, when he served as Secretary for more than 5 years, that he made a strong mark in government service.

As DTI Secretary, he was referred to as the champion of consumers fighting violators of price regulations, product standards, and fair trade laws; as the top salesman for the Philippines in international roadshows to bring in foreign investments; as a tough trade negotiator fighting for market access and giving voice to developing countries; and as a dynamic member of the Philippine Economic Team, shaping public policy towards sustainable growth and development.

Mr. Favila credits his banking and finance background in helping him approach his mandate in DTI with a more practical mindset – creating wealth. He shaped DTI services and programs on investment and export promotion, provided support to small- and medium-sized enterprises (SMEs), and led industry development towards creating the right institutional support to ensure that access to opportunity and its conversion into wealth is spread across a greater number of Filipinos all over the country. Guided by this, he championed the development of micro-, small-, and medium- enterprises (MSMEs), streamlined business processes, and looked after the welfare of consumers and employees. Believing that dignity should be accorded to each Filipino, he worked along the mantra that growth should emanate from the bottom rather than let people wait for the rewards of development to trickle down.

Mr. Favila came full circle in his banking and government careers when he was appointed Member of the Monetary Board in 2008 as National Government Representative and as full-time member representing the private sector (2010-2014). He brought to this role years of experience in the banking sector, financial markets, real sector, and international trade to contribute to the development of sound and stable monetary policy. As MBM, he gained proper grounding on the BSP's mission to contributing to global competitiveness and ensuring sustainable economic growth and stability. He also served as Chair of the Board Risk Oversight Committee, member of the Corporate Audit Committee, and adviser to the MSME Committee. At the Monetary Board, he continues to apply his philosophy of simple no-nonsense approaches backed by strong political will in pushing for reforms meant to save on resources and streamline processes. He also focuses on mentoring middle managers

in the bank ensuring that his years of experience benefit the next generation of banking leaders. Mr. Favila currently serves as a Consultant of the Bangko Sentral ng Pilipinas (BSP) and sits as an Independent Director of the Philippine Stock Exchange (PSE).

Mr. Favila's contributions, whether in the private or government sector, have been well recognized. Among many accolades, he treasures those coming from his alma mater – Most Outstanding Thomasian Award (University of Santo Tomas) and Outstanding Bedan (San Beda College). His most distinguished awards have come from heads of states. From former Philippine President Gloria Macapagal-Arroyo, he received the Order of Lakandula, Rank of Bayani. From King Juan Carlos I of Spain, he was honored with the Gran Cruz Orden de Isabel la Catolica and was conferred with the Order of the Rising Sun, Gold and Silver Star by Emperor Akihito of Japan in December 2015.

In his previous role as Monetary Board Member, Mr. Favila contributed more than the sum of his experience. At his core, he continues his mission to make the opportunity to create wealth accessible to a greater number of Filipinos.

RIZALINA G. MANTARING

Director

(October 2011 to present)

Ms. Rizalina G. Mantaring, 65 years old, has been a Director of Sun Life Grepa Financial, Inc. since October 2011. She served as CEO and Country Head of Sun Life group of companies in the Philippines from 2009 until her retirement on 30 June 2018.

Ms. Mantaring was the Deputy President of Sun Life Philippines (2009) and Regional Chief Operations Officer of Sun Life Financial Asia (2008 to 2009). She also served as head of operations then later Chief Operating Officer of Sun Life of Canada (Philippines), Inc. (1999 to 2008) and Information Systems Head, Asia Pacific Division of the Sun Life Assurance Company of Canada (1992 to 1999). She was a Director of various boards of Sun Life Philippines until June 2018. She was also the Chairman of Sun Life Financial-Philippines Foundation, Inc. (2009 to 2019), and Sun Life Financial Philippine Holding Company, Inc. (August 2018 to August 2019).

She is an Independent Director of Ayala Corporation, Bank of the Philippine Islands, Inc., First Philippine Holdings, Inc., PHINMA Corporation Inc., Universal Robina Corporation Inc., GoTYME Bank Inc., Maxicare Healthcare Corporation Inc. East Asia Computer Center Inc. and BPI Asset Management and Trust Corporation Inc.

At present, she serves on the Board of Trustees of the Makati Business Club and is also its Treasurer and is a member of the Board of Trustees of Philippine Business for Education. She is also a Fellow of the Foundation for Economic Freedom.

She served as President of the Management Association of the Philippines for 2019, and was a member of its Board of Governors from 2018-2019. She also served as President of the Philippine Life Insurance Association (PLIA) in 2015, and was among its Board of Directors from 2011 to 2013 and from 2015 to 2017. She was likewise a Board Director of the Philippine Federation of Pre-Need Companies from 2006 to 2008, and Independent Director of Microventures, Inc. from 2014 to 2022. She was a member of the Board of Trustees of Operation Smile Philippines from 2020 to 2022 and the Parish Pastoral Council for Responsible Voting (PPCRV) from 2020 to 2022.

She graduated with a B.S. Electrical Engineering degree (cum laude) from the University of the Philippines, and an M.S. Computer Science from the State University of New York at Albany. She has also attended numerous executive development programs conducted by Harvard University, The Wharton School, Duke University, Oxford University, Asian Institute of Management, and The Niagara Institute. She is a Fellow of the Life Management Institute (with distinction).

CARLOS G. DOMINGUEZ

Independent Director

(04 June 2024 to present)

CORPORATE GOVERNANCE

Trust is an important element in the insurance business. In fact, one can say that the insurance business is chiefly based on trust. Sun Life Grepa and its Board of Directors (the “Board”) are committed to maintaining high standards of governance that will ensure that the trust upon which its business is built will not be compromised.

The Board and Management of Sun Life Grepa adopt governance policies and practices intended to align the interests of all its stakeholders. We are committed to fully comply with all regulatory standards and reflect in the best way possible best practices that are in the interest of all stakeholders of the Company.

As part of this commitment, the Board annually reviews and approves its Manual on Corporate Governance, as well as the charters of Board, Audit Committee, and Review Committee for Related Party Transactions, Remuneration Committee, and Risk Management Committee. In 2024, the Company complied with the Code of Corporate Governance prescribed by the Insurance Commission.

BOARD OF DIRECTORS

The Board of Directors is primarily responsible for identifying and setting the Company's strategic directions as well as its Mission and Vision. The Board monitors the implementation of the Company's strategy and reviews the vision and mission periodically. Every year during their fourth quarter meeting, the Board of Directors review the Company's Mission and Vision Statements to determine if the same is still aligned with the Company's objectives and corporate strategy.

It is also responsible for assessing the performance of Management in addition to its own performance. The Business Review report presented by the President at every board meeting is an opportunity for the directors to give their insights on the Company's objectives and corporate strategy.

The Board is composed of nine (9) members who are elected for their integrity, competence, and high ethical standards. The members are experts in their respective fields of specialization and are found to possess all the qualifications and skills of a director as set in the By-Laws and the Manual of Corporate Governance of the Company. Attendance in professional education programs to enrich the skills of the Directors is highly encouraged and when permitted, the same are provided by the Company.

The members of the Board are mandated and the Board ensures that each member devotes sufficient time and contributes its skills and knowledge in the performance of their roles and functions.

The four (4) Independent Directors (Messrs. Jose Isidro N. Camacho, Peter B. Favila, Juan B. Santos (June 2023 – June 2024) and Carlos G. Dominguez (June 2024 to present) are known for their expertise in various fields, both in the private and public sectors. No Independent Director serves on more than five (5) boards of publicly-listed Companies. The Independent Directors ensure that acts and decisions of the Board are made in accordance with the requirements of the regulations and are free from conflicts of interest.

Under the By-Laws of the Corporation, Directors will be elected during each regular meeting of stockholders and shall hold office for one (1) year and until their successors are elected or qualified; provided that, Independent Directors shall have a term limit of nine (9) years, subject to such maximum term limits that may be imposed by law or by the Insurance Commission.

It is the objective of the Company to at all times maintain a well-balanced Board membership structure to facilitate free, open, and unhampered discussion in all matters elevated to the Board. The Company further ensures that the independence, integrity and competence of the members of the Board are unquestionable.

Board Performance Appraisal

The Company has a board assessment process in place. This 2024, the Board Performance Appraisal was conducted by the Institute of Corporate Directors (ICD), an independent third-party service provider. Directors were requested to answer a Board Evaluation Survey to assess the effectiveness of the Board and Board Committees in the performance and exercise of their functions and mandate under the Manual on Corporate Governance, Charters of the various Board Committees, and applicable laws and regulations.

The survey form includes self-assessments on: (1) performance as an individual director, (2) performance of the Board as a body, and (3) performance of each of the Committees to which the directors belong. The Questionnaire is sent to all members of the Board covering various facets of corporate governance including the responsibilities of the Board, independence, strategic planning, audit, risk management and skills and experience of individual directors. The results of the Board Evaluation Survey are collated by the ICD and shared with the Office of Corporate Secretary, ensuring utmost confidentiality. Responses from individual directors are not disclosed and only the consolidated results are discussed and reported to the Board in April 2025.

Diversity and Inclusion

Our commitment to diversity and inclusion is at the center of our company values and is critically important to the board and executive management. We believe that highly qualified directors and executive leaders who reflect the customers we serve, our employees, and the communities where we operate bring broader perspectives and experience to deepen our insight, enhance innovation and accelerate growth.

They also create an inclusive, high performing culture where all employees, regardless of gender, race, religion, age, country of origin, physical ability, sexual orientation or other diversity attributes, can achieve their full potential. In our pursuit of building a respectful workplace, all Sun Life Grepa employees are required to attend an annual training on Workplace Awareness and Respect.

Women on the Board

The Board believes a diverse group of directors produces better corporate governance and decision-making. The Board has adopted a diversity policy that includes provisions relating to the identification and nomination of female directors. The objective of the Board's diversity policy is to ensure that the board as a whole possesses diverse characteristics, including a diversity of qualifications, skills, experience and expertise relevant to the Company's business, in order to appropriately fulfil its mandate. Effective implementation of the board's diversity policy is the responsibility of the Remuneration Committee. When recruiting candidates for appointment or election to the Board, the Remuneration Committee will generally:

- Develop a preferred candidate profile based on the qualifications, skills, experience and expertise determined to be best suited to complement the existing directors or fill a need on the Board
- Consider the level of diversity on the Board based on gender and other criteria such as age, ethnicity and geography, and
- Require a director search firm to identify diverse candidates within the scope of the preferred candidate profile.

The Corporate Governance, Nomination and Remuneration Committee will assess the effectiveness of the Board's diversity policy by considering the level of diversity on the Board based on the factors identified above.

Women in Executive Officer Positions

We renewed our commitment to diversity and inclusion, retaining our enterprise strategy to strengthen diversity of all kinds, including gender and diversity, in day-to-day business practices. The strategy focuses on a series of actions that addresses unique opportunities to understand our clients' needs in more depth, review and enhance our talent management practices, enrich our already collaborative and inclusive culture, and ensure our investments and participation in the community support our diversity objectives. We are embedding diversity further into the core of our talent management practices to ensure they are free of systemic bias and that no group, including women, is disadvantaged.

We regularly monitor and review the number of women in executive and senior leadership positions through our annual Talent Review and Succession Management process. This is an annual activity where we accomplish the following:

- Succession planning for positions on our Leadership Team and the management teams of each business group and function, including specific plans to address gaps
- Review the potential of all leaders at the middle management level and above, including the required support for their ongoing development and career growth.

One of the key metrics we review is the number of women in executive and senior leadership roles and in our senior management pipeline. Our Leadership Team reviews the results of this process, including year-over-year changes, and the members discuss and advise on the number of women currently holding executive officer positions and in our pipeline. When we select leaders for executive officer and senior leadership positions, both internally and externally, we require a diverse slate of candidates, including women. In situations where we are working with external executive search firms, one of the standard terms and conditions in our contracts is the presentation of diverse candidates and

we identify talent pools where we are likely to find candidates with broad skills and experience.

At the conclusion of our annual performance management and compensation cycle, we analyze compensation levels across the organization, including the compensation of women holding executive officer and senior leadership positions, to ensure fair and equitable treatment, free from systemic bias.

Talent Review and Succession Management

As part of the Sun Life Financial Philippines Group, select members of the Sun Life Grepa Board participate in the annual Talent Review and Succession Management cycle. Together, these two processes provide the opportunity to assess the Company's leadership bench strength, focus on the identification and development of high potential individuals, and support the organization's succession plan for the top leadership (President), Senior Leadership Team members and other critical roles.

Individual strengths and development needs are identified along with appropriate development actions to ensure the Company is creating a highly capable pool of candidates to meet its current and future leadership needs. This process aims to ensure both leadership and business continuity.

CORPORATE SUSTAINABILITY

CORPORATE SUSTAINABILITY

In striving to serve clients as a lifelong partner, Sun Life Grepa continued to strengthen areas of the business that would lead to long-term viability.

Maintaining Sustainable Operations

Sun Life Grepa has been rolling out efficient systems by installing flexible furnishings in newly established or renovated office branches that allow multipurpose use of office spaces. Energy saving LED lighting fixtures were also installed. Furthermore, the new office designs ensure it carries less printed display materials as part of the ongoing transition to a digitally enabled workplace. The company also makes sure to collect obsolete marketing materials for environmentally safe destruction.

To enhance the client experience, Sun Life Grepa also continued to improve its operations by converting more traditional paper-based forms to digital formats, which are available on the company's website. More digital payment channels, including e-wallet options, were also added to provide long-term convenience. To generate more efficient collaboration, MS Teams was introduced.

Enhanced Way of Working

Sun Life Grepa reinforced its work from home and return to office guidelines that allowed non-client facing employees the option to work remotely on certain days. The company also enhanced its digital work platforms, including making video conferencing available for all employees. An online Learning Management System (LMS) continued to be available to make learning modules more accessible to our financial advisors. This supplements the existing LMS available for employees.

Additionally, the company continued to invest in an HR Information System to automate processes like Time & Attendance, Leaves Management, Updating of Personal Information and Exit Clearance Processing. Capability building is also supported by this new system via enabling an automated Goals Setting and Performance Review Process, as well as gathering of 360-degree Feedback for developmental purposes.

Empowering Employer Clients

For 2024, Sun Life Grepa through its Group Business Insurance division continued to acquire a significant number of MSME clients by way of the MSME MyBiz program. This campaign has proven instrumental in supporting the development of micro, small, and medium enterprises and continues to provide much-needed assistance to the employees of MSMEs who may not have access to individual insurance plans or emergency medical services.

In addition, the company also strengthened its digital capabilities, launching a digital medical locator to assist its clients in navigating Sun Life Grepa's fast-growing number of medical providers across the country. This advancement also bolstered the company's digital Healthcare Teleconsult service, which enables members to consult with medical professionals from the convenience of their homes.

Ensuring Business Longevity

Keeping alliances with bank partner RCBC remained a key focus, with collaborations on a series of highly engaging Client Appreciation Events, Banca Week celebrations and sales caravans across the nation. The two joint immersive training programs, namely WHEW (WHY HOW ENABLE WIN) for bank's sales teams and XTRA for bank's operations people, were also continued in 2024 to boost skills across the work force.

Continuing to be a well-regarded solution for protection needs was conveyed to the general public and clients by way of continuing its marketing campaign entitled "We Get You. We Got You". The campaign established through highly visible digital platforms the need for insurance in the changing lives of different market segments in informative and relatable videos and materials.

Affinity partnerships with digital banks like UNO, Bayad and Tonik ensured that the company allows more underserved people even more convenient digital ways to access life insurance.

Agency and Bancassurance teams also grew its manpower complement, with Agency growing by 12% and Bancassurance by 28% versus previous year. Distribution partnerships by way of the Agency Expansion Teams were also explored as a way of expanding client reach.

Caring for Clients' and Employees' Well-being

Sun Life Grepa continues to give primary importance to the holistic wellbeing of its clients and employees. To ensure that the overall wellbeing of its employees and family members is supported, the Company has continued its SLGFI CARES FOR YOU Employee Assistance Program. This company-sponsored program provides free, confidential counseling as well as information and resources for the mental, emotional, legal, family, work-life and financial wellness needs of employees and their family members. Employees may avail of this via a dedicated 24/7 hotline and 1:1 counselling when needed.

The program was also complemented by company-sponsored webinars exclusive for employees on various mental health topics such as how to beat burnout and stress.

As part of the company's total wellbeing approach, employees were also given access to programs that enhance their spiritual wellbeing by making available . Employees had the option to attend twice weekly Masses as well as the opportunity to celebrate Mass during special events like the Company Anniversary. The company also supported the physical wellbeing of its employees by sponsoring various sports activities including fun runs, cycling, bowling, basketball and volleyball tournaments, as well as physical exercises like zumba and kickboxing. To help ensure their lifetime financial security, employees were also given special access to the company's various insurance products through its Employee Assurance Program, where they can pay for their insurance premiums via a salary deduction plan.

For clients, Sun Life Grepa also conducted various educational sessions and webinars on topics ranging from physical exercise sessions to financial planning throughout the year. For these sessions, respected speakers inside and outside the country were tapped to share their expertise. Additionally, to support its network reach and enable customers to access Sun Life Grepa solutions and services faster and easier, the company continued to run its Sun Life Grepa Healthcare Teleconsult service so Group Medical members can consult with doctors from the comfort of their homes.

MODES OF COMMUNICATION

Bank Branches and Bank Digital Assets

The bank branches of Sun Life Grepa's bancassurance partners RCBC and CTBC Bank (Philippines) Corp. receive product brochures and campaign materials in acceptable formats for use in banks' ATM screen ads, official social media sites, email blasts and in-branch TV screen ads. These materials aim to establish Sun Life Grepa's presence in the banks targeting bank clients who walk in. These materials also help generate leads for bancassurance sales officers assigned there. Sun Life Grepa also collaborates with its bank partners for occasional events and digital/social media initiatives to reach bank customers nationwide. Sun Life Grepa also coordinates with the bank branches for Banca Week and other campaigns targeted at specific demographics in order to generate leads. The bank branches also hold regular staff and leadership events and awarding activities.

Agency Sales Branch Teams and Branch Offices

The agency-affiliated advisors regularly meet with their region heads in order to receive company updates from Sun Life Grepa and recognize their agency's achievements. Materials are also physically posted in branch offices where allowed or needed.

Digital information Blasts

Using various technologies (Acoustic and Smart), the company sends email and SMS blasts to clients, employees and advisors as needed in alignment with corporate governance policies.

Remote Communication Technology

The company continued to use Microsoft Teams and Zoom as remote communication platform for meetings, events and client presentations.

Webinars

Given the limited face-to-face communication and the challenges brought about by the continuing pandemic quarantine measures in 2023, the company, under the Sun Life Grepa Virtual Forum program, ran webinars via the Zoom platform to conduct training, launch new products, conduct financial literacy sessions or make new announcements for clients, partners, employees and other external audiences.

Report on the Audit of the Company Financial Statements

Opinion

We have audited the financial statements of Sun Life Grepa Financial, Inc. (the Company), which comprise the statements of financial position as at December 31, 2024 and 2023, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2024 and 2023, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT ON THE SUPPLEMENTARY INFORMATION REQUIRED UNDER REVENUE REGULATION 15-2010

Report on the Supplementary Information Required Under Revenue Regulations No. 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required Revenue Regulations 15-2010 in Note 36 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of Sun Life Grepa Financial, Inc. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

AUDIT & NON-AUDIT FEES

As approved by the Board, the Company engages the services of Sycip Gorres Velayo & Co., a local member firm of Ernst & Young Global Limited, as its external auditor. The audit fees of Sycip Gorres Velayo & Co. for 2024 amounted to Php3.6 million. There were no other fees paid to the firm during the same year other than audit fees.

SHAREHOLDERS' DIVIDEND POLICY

SLGFI satisfies the requirements of local regulations and, when prudent and appropriate, the Company returns through dividends and other distributions, excess capital to its shareholders.

The Company is compelled to declare dividends when its retained earnings is in excess of 100% of its paid-in capital stock, except: (a) when justified by definite corporate expansion projects or programs approved by the Board, or (b) when the Corporation is prohibited under any loan agreement with any financial institution or creditor, whether local or foreign, from declaring dividends without its consent, and such consent has not been secured; or (c) when it can be clearly shown that such retention is necessary under special circumstances obtaining in the Corporation, such as when there is a need for special reserve for probable contingencies.

Once declared, dividends are payable within 28 days after all necessary regulatory approvals are secured.

During the regular meeting of the Board of Directors on April 07, 2025, the Company has declared cash dividends amounting to Php520.0 million in favor of the stockholders of record as of December 31, 2024. On March 05, 2024, the Company has declared cash dividends amounting to Php420.0 million in favor of the stockholders of record as of December 31, 2023. The dividend was paid on May 02, 2024.

RISK MANAGEMENT

Management of Insurance and Financial Risk

Insurance Risk

Insurance risk pertains to the uncertainty of the amount and timing of any claim arising from the occurrence of an insured event. The principal risk the Company faces under an insurance contract is that the actual claims and benefit payments exceed the carrying amount of insurance liabilities. This is influenced by the frequency of claims, severity of claims, actual benefits paid are greater than originally estimated, and subsequent development of long-term claims.

Terms and conditions

The Company principally writes life insurance where the life of policyholder is insured against death, illness, injury or permanent disability, usually for pre-determined amount.

Life insurance contracts offered by the Company mainly include whole life, term insurance, endowments and unit-linked products.

Whole life and term insurance are conventional products where lump sum benefits are payable on death.

Endowment products are savings products where lump sum benefits are payable after a fixed period or on death before the period is completed.

Unit-linked products differ from conventional policies in that a guaranteed percentage of each premium is allocated to units in a pooled investment fund and the policyholder benefits directly from the total investment growth and income of the fund.

The risks associated with the life and accident and health products are underwriting risk and investment risk.

The main risks the Company are exposed to include:

- **Mortality risk** - risk of loss arising due to policyholder death experience being different than expected.
- **Morbidity risk** - risk of loss arising due to policyholder health experience being different than expected.
- **Expense risk** - risk of loss arising from expense experience being different than expected.
- **Policyholder decision risk** - risk of loss arising due to policyholder experiences (lapses and surrenders) being different than expected.

These risks do not vary significantly in relation to the location of the risk insured by the Company, type of risk insured and by industry. Undue concentration by amounts could have an impact on the severity of benefit payments on a portfolio basis.

The Company's underwriting strategy is designed to ensure that risks are well diversified in terms of type of risk and level of insured benefits. This is largely achieved through diversification across industry sectors and geographical locations, the use of medical screening in order to ensure that pricing takes account of current health conditions and family medical history, regular review of actual claims experience and product pricing, as well as detailed claims handling procedures. Underwriting limits are in place to enforce appropriate risk selection criteria.

Key assumptions

Material judgment is required in determining the liabilities and in the choice of assumptions relating to insurance contracts. Assumptions in use are based on past experience, current internal data and conditions and external market indices and benchmarks, which reflect current observable market prices and other published information. Such assumptions are determined as appropriate at inception of the contract and no credit is taken for possible beneficial effects of voluntary withdrawals. Assumptions are further evaluated on a continuous basis in order to ensure realistic and reasonable valuations. Assumptions are subject to the provisions of the Code and guidelines set by the IC.

For insurance contracts, the Company determines the assumptions in relation to future deaths, illness or injury, policyholder experiences (lapses and surrenders) and investment returns at inception of the contract.

The reserves for traditional life insurance policies shall be valued, where appropriate, using the gross premium valuation. This is calculated as the sum of the present value of future benefits and expenses, less the present value of future gross premiums arising from the policy discounted at the appropriate risk-free discount rate. The expected future cash flows shall be determined using best estimate assumptions with due regard to significant recent experience and appropriate margin for adverse deviation from the expected experience.

For policies with coverages one year or less and for the risk portion of variable unit-linked policies, unearned premium reserves method is used.

The key assumptions to which the estimation and adequacy testing of liabilities are particularly sensitive are as follows:

•Mortality and morbidity rates

Assumptions are based on rates of mortality and morbidity that are appropriate to the nature of the risks covered based on the Company's actual experience. The increase in mortality and morbidity rates will increase the legal policy reserves and result in a corresponding decrease in profit or loss.

• **Discount rates**

The risk-free discount rate provided by IC shall be used for all cash flows to determine the liability of a traditional life insurance policy. The yield curve used as basis for the risk-free discount shall be obtained from the following sources:

- For Philippine peso policies: BVAL rates
- For US Dollar policies: International Yield Curve (IYC) from Bloomberg

The increase in discount rate will decrease the legal policy reserves and result in a corresponding increase in remeasurement on legal policy reserves in OCI.

• **Lapses and/or persistency rates**

Lapse and/or persistency rates reflective of the Company's actual experience are taken as the best estimate lapse and/or persistency assumption, with regard to changing Company practices and market conditions.

• **Non-guaranteed benefits**

The level of non-guaranteed benefits under traditional life insurance policies to be valued, including policy dividends, are determined with due regard to the Company's duty to treat its policyholders fairly and meet policyholders' reasonable expectations.

Investment Risk

The investment risk represents the exposure to loss resulting from cash flows from invested assets, primarily long-term fixed rate investments, being less than the cash flows required to meet the obligations of the expected policy and contract liabilities and the necessary return on investments.

Additionally, there exists a future investment risk associated with certain policies currently in force which will have premium receipts in the future. That is, the investment of those future premium receipts may be at a yield below that required to meet future policy liabilities.

To maintain an adequate yield to match the interest necessary to support future policy liabilities, management focus is required to reinvest the proceeds of the maturing securities and to invest the future premium receipts while continuing to maintain satisfactory investment quality.

The Company's strategy is to invest primarily in high quality securities while maintaining diversification to avoid significant exposure to issuer, industry and or country concentrations. Another strategy is to produce cash flows required to meet maturing insurance liabilities. The Company invests in equities for various reasons, including diversifying its overall exposure to interest rate risk. AFS financial assets are subject to changes in fair value. Generally, insurance regulations restrict the type of assets in which an insurance company may invest.

The Company uses asset-liability matching as a management tool to determine the composition of the invested assets and appropriate investment and marketing strategies. As part of these strategies, the Company may determine that it is economically advantageous to be temporarily in an unmatched position due to anticipated interest rate or other economic changes.

Fair Value of Financial Instruments

Due to short-term nature of cash and cash equivalents, insurance receivables, loans and receivables, accrued income, refundable deposits, policy and contract claims, policyholders' dividends, premium deposit fund, insurance payables and accounts payable and accrued expense, the carrying values reasonably approximate fair values as of the end of the reporting date.

The fair values of financial assets at FVPL and AFS financial assets were determined using quoted market prices at the reporting date. For unquoted equity securities, these are carried at cost less allowance for impairment losses due to unpredictable nature of future cash flows and the lack of other suitable methods of arriving at a reliable fair value. For unquoted debt securities, these are measured using pricing models that consider, among other factors, contractual and market prices, correlation, time value, credit risk, yield curve volatility factors and or prepayment rates of the underlying positions.

Financial Risk

The Company is exposed to financial risk through its financial assets, financial liabilities and insurance liabilities. In particular, the key financial risk that the Company is exposed to is that the proceeds from its financial assets are not sufficient to fund the obligations arising from its insurance contracts. The most important components of this financial risk are credit risk, liquidity risk and market risk.

These risks arise from open positions in interest rate, currency, and equity products, all of which are exposed to general and specific market movements.

Credit risk

Credit risk is the risk that the company will incur a loss arising from its counterparties that fail to discharge their contractual obligations.

The Company manages the level of credit risk it accepts through a comprehensive group credit risk process, setting out the assessment and determination of what constitutes credit risk for the Company; setting up of exposure parameters by each counterparty or group of counterparties, geographical and industry segments; right of offset where counterparties are both debtors and creditors whenever possible; and procedures on obtaining collateral and guarantees as needed.

Liquidity risk

Liquidity or funding risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from either the inability to sell financial assets quickly at their fair values; or the counterparty failing on repayment of a contractual obligation; or the insurance liability falling due for payment earlier than expected; or inability to generate cash inflows as anticipated.

The following processes and procedures are in place to mitigate the Company's exposure to liquidity risk:

- A liquidity risk process sets out the assessment and determination of what constitutes liquidity risk for the Company. Compliance with this is monitored and exposures and breaches are reported to the Company risk committee. This is regularly reviewed for pertinence and for changes in the risk environment.
- Providing guidelines on asset allocations, portfolio limit structures and maturity profiles of assets, in order to ensure sufficient funding available to meet insurance and investment contract obligations.
- Setting up contingency funding plans which specify minimum proportions of funds to meet emergency calls as well as specifying events that would trigger such plans.

It is unusual for a company primarily transacting insurance business to predict the requirements of funding with absolute certainty as theory of probability is applied on insurance contracts to ascertain the likely provision and the time period when such liabilities will require settlement. The amounts and maturities in respect of insurance liabilities are thus based on management's best estimate using statistical techniques and data on past experience.

The Company has not recognized any contingent assets on the statements of financial position due to the uncertainty of the assets' recoverability.

The Company manages its liquid assets and investment positions to meet its obligations arising from its insurance contracts and other financial liabilities. In addition, the Company is required to maintain a certain margin of solvency under IC regulations. The estimated timing of net cash outflows for legal policy reserves included in the insurance contract liabilities are mostly expected to be settled beyond one year.

The Company has an Asset Liability Committee ("ALCO"), which is composed of the CEO, CFO/Head of Finance, Chief Actuary, CIO and ALM Director, and has ultimate responsibility for the ALM operations of SLGFI. It is accountable for the regular reporting and monitoring of ALM performance, and the development of ALM tactics and strategies. The functions of the SLGFI ALCO include the review of the annual investment plan, review of the asset and liability segmentation, and annual review of the Portfolio Policies and Parameters for each segment. SLGFI ALCO monitors ALM matching positions and overall

compliance with the specific portfolio policies and limits as well as other policies and limits applicable to SLGFI. The compliance results are summarized and provided to the SLF Asia Chief Risk Officer on a quarterly basis.

Entities within the Sun Life Financial Group are required to have appropriate liquidity. This means having sufficient liquidity to be able to meet all obligations promptly under foreseeable adverse circumstances, whilst not having excessive liquidity that entails an opportunity cost in terms of product competitiveness and asset yields.

Market risk

Market risk is the risk of change in fair value of financial instruments from fluctuations in foreign exchange rates (currency risk), market interest rates (interest rate risk) and market prices (price risk), whether such change in price is caused by factors specific to the individual instrument or its issuer or factors affecting all instruments traded in the market.

The following processes and procedures are in place to mitigate the Company's exposure to market risk:

- The Company's market risk process which sets out the assessment and determination of what constitutes market risk for the Company. Compliance with this is monitored and exposures and breaches are reported to the Company's risk committee. This is reviewed regularly for pertinence and for changes in the risk environment.
- Setting guidelines on asset allocation and portfolio limit structure, to ensure that assets back specific policyholders' liabilities and that assets are held to deliver income and gains for policyholders which are in line with expectations of the policyholders.
- Stipulated diversification benchmarks by type of instrument, as the Company is exposed to guaranteed bonuses, cash and annuity options when interest rates fall.

Currency risk

Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company's principal transactions are carried out in Philippine Peso and its foreign exchange risk arises primarily with respect to the U.S. Dollar, where some of its products are denominated.

The Company's financial assets are primarily denominated in the same currencies as its insurance contracts, which mitigate the foreign exchange rate risk. Thus, the main foreign exchange risk arises from recognized assets and liabilities denominated in currencies other than in which the insurance contracts are expected to be settled.

Interest rate risk

Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate because of changes in market interest rates. The Company's fixed rate investments classified as AFS financial assets are particularly exposed to such risk.

Equity price risk

The Company's equity price risk exposure at year-end relates to financial assets and liabilities whose values will fluctuate as a result of changes in market prices, principally, equity securities classified as AFS financial assets. The Company's price risk exposure relates to financial assets and liabilities whose values will fluctuate as a result of changes in market prices, principally investment securities not held for the account of unit linked business.

The correlation of variables will have a significant effect in determining the ultimate impact on price risk, but to demonstrate the impact due to changes in variables, variables had to be changed on an individual basis. It should be noted that movements in these variables are nonlinear.

The Company is exposed to equity price risk arising from its significant investments in unquoted equity investments carried at fair value.

Non-Financial Indicators

In 2024, Sun Life Grepa proudly marked its 70th anniversary—a significant milestone that underscored seven decades of helping Filipinos achieve lifetime financial security and live healthier lives. This celebration served not only as a reflection of the company's rich legacy but also as a reaffirmation of its commitment to future generations. As part of this landmark year, Sun Life Grepa insured over 3 million lives, continuing to make a meaningful impact across the country. The company also expanded its portfolio with new individual life insurance solutions. The launch of SLG Global Tech Funds empowered clients to capture growth opportunities in the fast-evolving technology sector, while Sun Grepa Secure Income offered a stable and worry-free retirement option for Filipinos.

Further highlighting its anniversary year, Sun Life Grepa achieved double international recognition - winning Best MSME Insurance Initiative of the Year at both the Insurance Asia Awards and the International Finance Awards. These awards underscore the company's growing reputation for innovation and service excellence.

Sun Life Grepa also continued to strengthen its healthcare network, growing to over 1,600 accredited hospitals and clinics and more than 20,000 partner doctors. A new Medical Network Locator was launched, making it easier for clients to access medical care by locating nearby accredited facilities and professionals, enhancing convenience and peace of mind.

To express the gratitude during the company's 70th year anniversary, the company hosted Client Appreciation Nights in key cities nationwide, celebrating the loyalty and trust of policyholders who have been an integral part of its journey.

Internally, Sun Life Grepa remained committed to creating an empowering work environment. For the third consecutive year, the company was certified as a Great Place to Work®, with 91% of its employees affirming its inclusive culture, 92% recognizing fairness regardless of gender, and 92% valuing how it celebrates special moments together. Both the Agency and Bancassurance teams also grew their manpower complement, with Agency increasing by 12% and Bancassurance by 28% compared to the previous year, strengthening the company's reach and capacity to serve more clients nationwide.

Lastly, through its Share the Passion program, Sun Life Grepa continued to deepen its impact on communities, carrying out several Corporate Social Responsibility initiatives (refer to page 58 for CSR details).

As it commemorates 70 years of service, Sun Life Grepa looks ahead with renewed passion to shape a brighter future for all.

RELATED PARTY TRANSACTIONS

A related party transaction ("RPT") is a transaction or dealing with related parties of Sun Life Grepa Financial, Inc., regardless of whether or not a price is charged. Related parties include the Company's subsidiaries, affiliates, and special purpose entities that the Company exerts direct/indirect control over or that exert significant influence over the Company; the directors, officers, and shareholders and their close family members; related interests; corresponding persons in affiliated companies; and any person or juridical entity whose interests may pose potential conflict with the interest of the Company.

The Company has a Review Committee for Related Party Transactions that evaluates on an ongoing basis existing relations between and among businesses and counterparties to ensure that all related parties are continuously identified, RPTs are monitored, and subsequent changes in relationships are reflected in relevant reports to the Board of Directors and regulators/supervisors.

In May 2024, the Board of Directors approved the amended Related Party Transactions Operating Guideline that aligned with the Related Party Transactions Operating Guidelines-Enterprise on roles, responsibilities and accountabilities of Management and reference to Data Privacy Principles; clarified responsibilities of the Board, Management, and the Compliance Officer; clarified how the Operating Guideline interacts with the Related Party Transactions Operating Guideline-Enterprise; aligned use of terms and functions; and updated definition and formatting. The next review will be on May 6, 2025.

Details of RPTs are provided in Note 32 of the 2024 Audited Financial Statements.

WHISTLEBLOWER AND BREACH POLICY

The Whistleblower program of the Company provides a formal mechanism and channel for directors, officers, employees, shareholders, advisors, clients, suppliers, business partners, contractors and sub-contractors, and other third parties to raise feedback, inquiries, serious concerns about a perceived wrongdoing or questionable or unethical behavior or transaction, malpractice, or any risk involving the Company or any of its officers and employees. Sun Life Grepa strictly prohibits any form of retaliation against those reporting concerns in good faith and guarantees that the whistleblower will be shielded or free from reprisals, harassment, or disciplinary action.

CORPORATE SOCIAL RESPONSIBILITY

CORPORATE SOCIAL RESPONSIBILITY

Sun Life Grepa is committed to make a positive impact on the world by integrating sustainability in every aspect of its business. Through our Share the Passion program as well as our donations and strategic sponsorships, we conducted and supported initiatives in 2024 that enabled us to provide support and assistance in wellness and healthy living causes.

Medical and Dental Mission to members of Ahon sa Hiras in Rizal and Aklan

Sun Life Grepa together with A.Y. Foundation conducted a medical and dental mission for members of Ahon sa Hiras, Inc., a Sun Life Grepa member company, Rizal and Kalibo, Aklan. During the activity, participants were provided with essential services including free blood pressure checks, health consultations, tooth extraction, among others. Aside from that, they were also able to learn from wellness talks conducted by speakers from Sun Life Grepa.

Previous missions have been conducted in communities across the country, including Dasmariñas, Cavite; Mauban, Quezon and San Jose, Antique.

Blood Donation Drive

Sun Life Grepa held a blood donation drive at its Head Office in Makati in support of Life Insurance Consciousness Week. Partnering with the Philippine Red Cross and the Philippine Life Insurance Association, Sun Life Grepa employees participated in the drive to contribute to a safe and quality blood supply for Filipinos.

Sun Life Grepa joins Cycle Ph 2024

In a lively photograph, Sun Life Grepa employees (L-R) Jerick Cruz, Mervin Louie Aglipay, Carlito Omega, Glen Vasquez, Christian Dungo, Dominic Hipolito, Ronald Diloy, and Christian Martin De Los Reyes were all smiles as they geared up for the event.

Sun Life Grepa supported Sun Life Cycle PH event where employees rode their bicycles for 60kms alongside other cyclists. This annual event promotes cycling as a healthy and sustainable activity that can be enjoyed by professional cyclists and families alike.

Annual Donation and Christmas Fund Drive for AY Foundation

Similar to the campaign that was launched in 2023, Sun Life Grepa continued its Christmas Fund Drive from October 1 to November 30, 2024. During this drive, employees were encouraged to make a financial donation for A.Y. Foundation's charitable causes. The funds collected were donated to Caritas Manila through the A.Y. Foundation in time for the Yuletide season. This Christmas donation was in addition to the Company's annual donation to the A.Y Foundation which was used in various foundation efforts.
