SLG Dollar Money Market Fund Absolute Return

Since Inception	YTD	1-Year	3-Year
9.19%	2.76%	2.76%	8.41%

Market Review

- Returns on U.S. dollar-denominated money market and short-term instruments were slightly lower in December.
- Time deposits and other short-term dollar outlets offered slightly lower yields. The market is expecting the Fed to cut rates by at least another 50 basis points in 2026 due to a weaker job market.
- Money market yields are expected to fall from current levels as policymakers are inclined to ease - with unemployment being more of a concern than inflation under current conditions.
